

RIPPED FROM NADINE'S "BIBLE":

SECRETS OF MY HOLLYWOOD LIFE author Jen Calonita's bio

Name: Jen Calonita

Nickname: Sadly, I have none (but don't call me Jenny—I won't answer)

First job: Gift-wrapping flowers (yes, flowers) at a local plant nursery

Worst job: Gift-wrapping flowers (yes, flowers) at a local plant nursery

Perfect date: Dinner at Poco Loco (my favorite Mexican jaunt) followed by a good movie, Raisinettes and a ton of movie trailers (I live for those!)

Favorite Place: the Magic Kingdom at night

Guilty pleasure: Rachel Ray's 30-Minute Meals show. I try all her recipes and usually fail miserably, probably because whenever I cook a recipe of hers it takes me at least 90 minutes to make it.

Best friend's first name: Uh uh. You're not trapping me into naming one girlfriend! My friends will kill me if I just mention one of them.

Good luck charm: My son Tyler.

Tuesday night activity: If I'm home, it's watching *Gilmore Girls* and probably something I've Tivo'd (like *Prison Break*). But once a month, my girlfriends and I meet for dinner so we can gab, gossip and eat way too much dessert.

Last thing bought at the mall: Ballet flats in three different colors. They're my latest obsession.
